Introduction

A passionate love letter is used to demonstrate all the love one feels deep down their heart in plain, simple and loving words. The sender uses a sensitive tone while wording this letter to convey the strong desire that he/she wants to be with that person every single minute through the rest of their life.

If one feels shy or at a loss to find words to speak about their passionate love in person, there is no better means than to pen them down in a letter.

Passionate Love Letter Tips

Here are some useful tips to write a passionate love letter:

- Start the letter by expressing how passionately you are in love with your beloved using words which express your love and passion.
- Explain that he/she means everything to you and you can spend all your time thinking about her/him.
- End by saying that you will love your sweetheart forever.

Dear Tracy,

Even as I write this letter to express how passionately I love you, I can smell your fragrance and feel your breath close to me. I am smitten by your love, beauty and sensuality. I can not get my thoughts away from your dancing eyes, voluptuous lips and stunning looks even for a second.

There are times I wanted to whisk you off from a party when I sensed eyes turning to look at you only because I wanted to be the only one in your company. Although we have spent a year of closeness and togetherness, I can spend all my time just thinking about you or just staring at you. I just do not seem to have enough of you.

I want you to love me and care for me as much as I do. I want you to miss me as much as I do. Please do not even think about getting distanced from me since that will only kill me.

I will love you and be yours, now and always;

Andy.
